I will try to get the conference line setup. I cannot guarantee that I will be able to participate since I will be on Amtrak on route back to Washington DC from Indianapolis, and my experience is spotty cell phone coverage in the mountain areas. But this is a call for Jeanne and Susan request so no problem.

I will check with Jeanne and Susan and see if available this morning.
I will get back to you. I regret the email system did not serve us well. Thanks for trying to get the message to me.
